November 4th 2011

# Summary

November 4th 2011

Hadhrat Mirza Ghulam Ahmad (on whom be peace) was that devotee of the Holy Prophet (pbuh) who was appointed by God in the current age to spread the teaching of the Qur'an

This task cannot be carried out without bringing pious changes in oneself, sacrifice and prayers

Whenever an appeal is made to the Ahmadiyya Community, with the grace of God, it has always responded eagerly and has excelled in prayers and sacrifice

Hudhur (aba) announced the start of the 78<sup>th</sup> Tehrike Jadid year

According to reports received so far the total contributions worldwide for last year stand at £6,631,000.00, with the biggest annual increase of £1,162,000.00.

Massive sacrifice of Pakistani Ahmadis despite all their problems saw them maintain their first position, Hudhur praised

Germany, Nigeria, Ivory Coast, Indonesia received special commendation

The Promised Messiah (on whom be peace) writes: 'This humble person has only been sent for the purpose of taking this message to the creation of God that from among the current world religions, the religion which is based on truth and is in accordance with God's will, is the one brought by the Holy Qur'an. The door to enter the abode of salvation is 'There is none worthy of worship except Allah and Muhammad is His Messenger.'

Hadhrat Mirza Ghulam Ahmad (on whom be peace) was that devotee of the Holy Prophet (pbuh) who was appointed by God in the current age to spread the teaching of the Qur'an, taking it to all the inhabitants of this world in their own language

The Promised Messiah's (on whom be peace) profoundly spiritual writings and works demonstrate that he certainly fulfilled his obligation.

November 4th 2011

The Promised Messiah ( on whom be peace) put his faith in Allah the Exalted

He did not ever rely on any worldly resource

Whatever he needed, he sought from Allah

The Promised Messiah (on whom be peace) asked his followers for financial sacrifice

Yet, he did not rely on anyone

God had promised him that his mission would be accomplished

It was not an ordinary announcement made from a tiny hamlet in the Indian sub-continent and the world witnessed how the message spread from the tiny hamlet to the rest of India and then from India to the wider world, including the West

November 4th 2011

The Promised Messiah (on whom be peace) he wrote in his booklet 'Al Wasiyyat' (The Will): 'God Almighty desires to draw all those who live in various habitations of the world, be it Europe or Asia, and who have virtuous nature, to the Unity of God and unite His servants under one Faith. This indeed is the purpose of God for which I have been sent to the world. You, too, therefore should pursue this end, but with kindness, moral probity and fervent prayers.'

None can contend with God's decree. They can observe that even today, each time the Community has been suppressed in any way at all, it has moved onwards and progressed.

November 4th 2011

The task of the Promised Messiah (on whom be peace) was to gather people in one religion and establish Oneness of the kingdom of the Holy Qur'an.

His advent was to bring the pious-natured under the banner of the Holy Prophet (peace and blessings of Allah be on him).

This extensive and great mission which the Promised Messiah (on whom be peace) carried out and then entrusted it to his Community

This task cannot be carried out without bringing pious changes in oneself, sacrifice and prayers. These aspects alone will enable us to witness the progress that God has destined for this Community

Indeed, the Community is trying to follow these principles. InshaAllah we will always experience success if we are drawn to prayers.

Whenever an appeal is made to the Community, with the grace of God, it has always responded eagerly and has excelled in prayers and sacrifice

Recently Hudhur had drawn attention to optional fasting and prayers. The letters he is receiving show that people are eagerly engaged in these

When asked for financial giving, the sacrifices made have been astonishing.

It is not just Ahmadis of Pakistani origin who are engaged in prayer, rather Africans, Europeans, Americans and others who are not of Pakistani origin are praying for their Pakistani brothers and all other Ahmadis who are in difficulties anywhere in the world

# Tabligh requires

Publication of books and other literature is essential for Tabligh

Organisation of missionaries

Building of mosques and mission houses

Electronic means of communication

MTA is a big source of Tabligh

Financial giving is required for these tasks and the contributions of the Community are better than ever.

Hudhur announced the start of the new Tehrike Jadid year today

Today we are represented in 200 countries of the world and a revolution is being brought about in the world through MTA. The Community is making sacrifices under the auspices of Khilafat to accomplish the objective of the Promised Messiah (on whom be peace)

- At the time Hadhrat Musleh Maud (may Allah be pleased with him) initiated Tehrike Jadid some people were trying to eliminate the message of the Promised Messiah (on whom be peace) from the world. However, when Tehrike Jadid was launched, the Community's response was overwhelming

If only Muslims, who claim love of Prophet (peace and blessings of Allah be on him), understood this and connected themselves to the one appointed by God and offered their services. They would then witness how their lost reputation is restored and how big powers would respect and honour them.

November 4th 2011

At the time when a group of Muslims were making haughty claims to eliminate Ahmadiyyat, Hahdrat Musleh Maud (may Allah be pleased with him) initiated a programme (Tehrike Jadid) to spread Ahmadiyyat, true Islam in the entire world and the Community's response to this was overwhelming

Let alone the obligatory chanda, extraordinary sacrifices are also made in Tehrike Jadid chanda at a time when the world is embroiled in financial crisis

The sacrifice of Ahmadis fills hearts with praise of God

As an aside, Hudhur said there is no telling where the financial crisis will lead and how intense it will get. While there is no need panic, **Ahmadis should definitely stock few days' dry food supply at home at all times as a precautionary measure.**
